

PLUG & PLAY ELECTRIC UTILITY METER BRAKE

NEW micro scale technology allows anyone to produce a portion of their energy needs by turning the free energy of the sun into usable A/C on grid power. The PNG200 will slow down your utility meter each and every day. Just plug it in. It's that easy! No batteries to ever replace. Early to wake-up & late to sleep for a full days worth of power production.

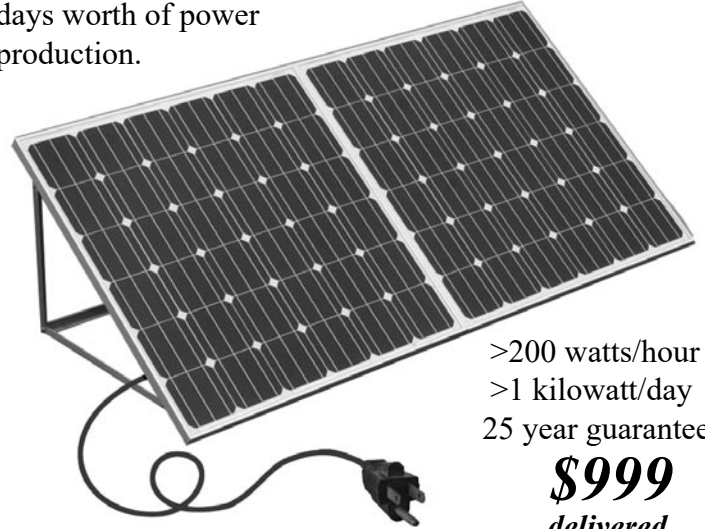

>200 watts/hour
>1 kilowatt/day
25 year guarantee
\$999
delivered
